Eddyville, Iowa 52553

Dear Wade:

On August 31, 2000, the Air Pollution Control Division ("Division") received your written request for the Division to review and approve Baumgartner Environics' Bio-Cap system as an alternative cover in the State of Colorado. The Division has reviewed Baumgartner Environics' proposal and test results from testing conducted by several independent experts in conjunction with the Division in the State of Colorado. The Division hereby approves the Bio-Cap technology as an approved alternative cover for the State of Colorado. Please note that any change to the approved Bio-Cap technology may require a review and approval by the Division for the technology to maintain its approved status.

Please feel free to contact myself at (303) 692-3269 or Phyllis Woodford at (303) 692-3221 if you wish to discuss this matter further.

Best Regards,

Jill E. Cooper
Legal Administrative Specialist
